Sir:

As explained in the attached Petition to Withdraw Holding of Abandonment Under 37 C.F.R. § 1.181(a), the Applicants timely filed Supplemental Declarations in this case. As explained below, the Supplemental Declarations cure certain defects found in previous declarations filed in this case. Accordingly, the holding of abandonment of this case should be withdrawn.

The Supplemental Declarations Respond to the Notification of Missing Requirements

The facts in this case show that the Supplemental Declarations adequately respond to the Notification of Missing Requirements:

- This application was originally filed as a PCT application, with the United States Patent and Trademark Office (USPTO) as the designated Receiving Office. The PCT application was published as International Publication Number WO 02/033893 A3, which listed one of the inventors as "Villaverde, Jose-Miguel Pulido." In accordance with the Spanish tradition, Mr. Pulido Villaverde included as part of his last name his father's surname (Pulido) and his mother's maiden name (Villaverde). This inclusion of his mother's

maiden name in some documents and its absence in others later caused some confusion at the USPTO.

- On November 18, 2002, the USPTO mailed the Applicants a Notification of Missing Requirements Under 35 U.S.C. § 371 (attached as Exhibit 1), stating that the Applicants had not filed an oath or declaration as required under 37 C.F.R. §§ 1.497(a) and (b).
- On January 17, 2003, the Applicants responded to the Notification of Missing Requirements by filing a Completion of Filing Requirements–Nonprovisional Application. The Completion of Filing Requirements included, among other things, signed declarations from each of the inventors. The declaration had two problems: First, the citizenship for one of the inventors, Mansour J. Karam, was not provided. Second, Mr. Pulido made handwritten edits to his declaration, deleting the name “Villaverde” so that his name now read “Jose-Miguel Pulido.”
- On August 22, 2003, the USPTO responded to the Completion of Filing Requirements in a Communication (attached as Exhibit 2), stating that it did not comply with the 37 C.F.R. § 1.497(a)(3) because:
 1. The country of citizenship for Mansour J. Karam was missing; and
 2. The name of “Jose-Miguel Pulido Villaverde” was altered to “Jose-Miguel Pulido,” which was “inconsistent with the name identified in the published international report, Jose-Miguel Pulido VILLAVERDE, and in the assignment documents executed by [him] on 18 December 2002.”

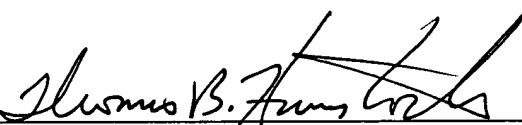

In the August 2003 Communication, the USPTO then stated, in part, that if the name on the published international application was correct, a supplemental declaration would have to be filed.

The USPTO reminded the Applicants that they had to respond within the later of one month from the October 22, 2003, mailing date (by September 22, 2003) or within the period for responding to the November 18, 2002, Notification of Missing Requirements.

- On September 22, 2003, the Applicants responded to the August 22, 2003, communication from the USPTO by filing signed copies of a Supplemental Declaration (attached as Exhibit 3). (Page numbers have been added to the bottom right-hand corner of Exhibit 3 to make page references easier.) The copy signed by Mr. Pulido Villaverde listed his name as "Jose-Miguel Pulido Villaverde" (Exhibit 3, page 8) so that it conformed to his name on the published PCT application, in accordance with the August 2003 Communication. The copy signed by Mansour J. Karam stated his citizenship, "Lebanon" (Exhibit 3, page 12). The Supplemental Declaration thus contained all the information required by the August 2003 Communication.
